Dear Mr Weisberg:

I was listening to your discussion on Night Talk W.C.H.U. about your book Whitewash it was very interesting and very good too

God Bless you for having people like you Mr Weisberg This Country needs more good people like you more power to you?

9-23-66  
Mr Weisberg my Dad used to tell me this "America rose up from nothing the way it's going it will go back to nothing" He also said the people will want to go back to Europe they will try to go on a raft or even a plane but won't be able to they will see foot prints in the sand thinking their loved ones went by leaving the tracks thinking it was there in hopes to find their loved ones

It is very bad Country like ours to do what they are doing  
over

your talk on the radio I hope lots  
of people heard it to expose such  
an every one of them

As for you Mr. Wiering Bless you  
an every word you said an do

Please send me your good.  
Book Whitewash I will be sure  
to read every word of it

Yours With Respect
